We tried in every way to hush it up and to cure her. Then, after years of vain effort, I gave up my place in Leeds and came to America. She was an affectionate mother, and except for her unfortunate affiction she was a 250 wife. She promised to quit if I would bring her to the country.

THE DISCOVERER OF Lydia E. Pinkham's Yegetable Compound The Great Woman's Remedy for Woman's Ills.

No other medicine in the world has received such widespread and unqualified indorsement.

No other medicine has such a record of cures of female troubles or such hosts of grateful friends.

Do not be persuaded that any other medicine is just as good. Any dealer who asks you to buy something else when you go into his store purposely to buy Lydia E. Pinkham's Vegetable Compound, has no interest in your case. He is merely trying to sell you something on which he can make a larger profit. He does not care whether you get well or not so long as he can make a little more money out of your sickness. If he wished you well he would without hesitation hand you the medicine you ask for, and which he

knows is the best woman's medicine in the world. Follow the record of this medicine, and remember that these thousands of cures of women whose letters are constantly printed in this paper were not brought about by "something else," but by Lydia E. Pinkham's Vegetable Compound,

The Great Woman's Kemedy for Woman's Ills. Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want-a cure.

Moral-Stick to the medicine that you know is Best. When a medicine has been successful in restoring to health more than a million women, you cannot well say without trying it, "I do not believe it will help me." If you are ill, do not hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice. It is free and helpful.
